UM VEEP ACCEPTS POST
AT SACRAMENTO STATE

Dr. Darrell J. Inabnit, 49, executive vice president of the University of Montana, has accepted the administrative vice presidency of Sacramento State College. Dr. Stephen L. Walker, SSC acting president announced Tuesday (Aug. 2.).

Dr. Inabnit will take over his duties in Sacramento on Sept. 1, one-half month after UM President Robert Johns becomes President of Sacramento State.

Dr. Johns said Dr. Inabnit's duties as SSC administrative vice president will be restructured after Aug. 15, but they would probably be similar to his UM responsibilities.

At the UM Dr. Inabnit has over-all direction of several general administrative and support programs, including the Registrar's office, Dean of Students, Director of Athletics, Alumni affairs, Statewide Services, Data Processing Center, Information Services, Placement Services and ROTC programs.

He is also director of the UM Foundation, director of Institutional Research and professor of education. During his two-year tenure, Foundation assets were more than doubled.

Dr. Inabnit and Dr. Johns have worked together since 1954, when Dr. Inabnit was deputy to Dr. Johns, director of the U.S. Armed Forces Institute in Madison, Wis. Dr. Inabnit subsequently served as the director of the Institute, 1958-61.

Later Dr. Inabnit served at the University of Miami in Coral Gables, Fla., where he was Dean of Admissions and Director of Institutional Research, 1961-64. He joined the UM staff in August 1964.

Dr. Inabnit holds two masters degrees and an Ed.D. in educational administration from the University of Illinois. He earned his A.B. degree in medical bacteri-

ology from the University of Minnesota. He also studied a year in the University of Colorado graduate school.

Dr. Inabnit served as a pilot with the American Forces in the European Theater during the Second World War. He is retired with the rank of major.

In his resignation, submitted to UM President Johns, Dr. Inabnit said, "My associations at the University, in the community of Missoula and in the State of Montana have been consistently pleasant and helpful. I owe much to many for the friendship, cooperation, and support that has been extended to me during my years at the University.

"The Montana University system, and the faculty and staff of the University of Montana have my highest respect and my constant good wishes for success in the good work they are striving to do for the people of the State of Montana and for the community of scholars in general."
